Tuesday at the University of Michigan, Dr. Thomas Francis Jr. will make report on the results of the use of vaccine developed by Dr. Jonas E. Salk of the University of Pittsburgh for battle against polio. (AP Wirephoto)

Big Salk Secret Report Set To Go Off Tuesday

ANN ARBOR, Mich. (AP) — The big secret of the Salk polio vaccine is set like a time bomb to go off at 10:20 a.m. CST Tuesday.

The secret, of course, is how effective the vaccine was in preventing paralytic polio in children tested last year.

One man, the University of Michigan's Dr. Thomas Francis Jr., knows the answer after compiling all results of the test. He will not divulge it until Tuesday morning at a meeting of 400 scientists and doctors.

What Next?

He hasn't told Dr. Jonas E. Salk, Pittsburgh scientist who developed the vaccine, nor Basil O'Connor head of the National Foundation for Infantile Paralysis.

What will happen afterward?

The question is put by a well-known medical scientist who asked not to be identified. He has no connection with polio but speaks from knowledge of the history of insulin, antibiotics and GG (gamma globulin) for polio.

Suppose the vaccine is a success.

"It could become a test of our moral fiber," he said. "Will it start a stampede, like a theater fire, to get vaccine at any cost? Will there be bootlegging, venality?"

May Be Worthless

"Or will parents demand intelligent self-control of themselves and others to insist the vaccine be used where it will do the most good to reduce polio — among young children and pregnant women?"

"Suppose," he continued, "the vaccine is found ineffective, or less than perfect?"

"How much dismay or loss of confidence may result? A vaccine can be a success without being sure fire. Can it give control like vaccines against yellow fever or smallpox, which are not 100 percent? Fire-proofing buildings does not eliminate all fires, but it does drastically reduce the amount of destruction."

Busy Eight-Week Battle Ahead For State Legislature

LANSING (AP) — Michigan's Legislature goes into its 13th week today with prospects it is ready to settle down to business.

With the April 4 spring election out of the way and the adjournment date tentatively set for June 3, the lawmakers saw eight weeks of pressure ahead of them.

Appropriations committees reported their money bills were beginning to take shape after weeks of hearings and discussions—Although the final decisions probably cannot be jelled until these committees have a clearer picture of the tax flow to be expected.

Rep. Rollo G. Conlin (R-Tip-top), chairman of the House Taxation Committee, said he was considering a public hearing soon on an expansion of the 30 million dollar a year business receipts tax and the Democratic-backed corporations profits tax bill.

After more than two weeks of delay, the House-Senate conference committee on a new highway program is scheduled to hold its first meeting this week. Prospects for settlement of this measure is dim.

Farmlands Flooded By Manitoba Rivers; Bridges Submerged

WINNIPEG, Man. (AP) — Spring freshets sent creeks and rivers over their banks in southern Manitoba during the weekend, flooding thousands of acres of rich farmland and scores of rural basements. No casualties were reported.

The spring runoff was accelerated by a record April 10 temperature high of 76 degrees. Hardest hit were the outskirts of suburban St. Vial, southeast of Winnipeg, and the Oakville-Poplar Point district, 30 miles west of here.

More than 100 homes southeast of here were surrounded by water from the normally placid Seine River, which joins the Red at Winnipeg. At least four bridges were submerged.

Atomic Submarine Nautilus To Test Speed And Stealth

WASHINGTON (AP)—The atomic submarine Nautilus will head out to sea soon to test her speed and stealth against the best of the Navy's antisubmarine forces on a "shakedown" cruise of thousands of miles.

The big, 3,000-ton nuclear submarine came back into New London, Conn., late last week from a demonstration and test conducted for a Navy survey board which approves new ships for acceptance in the operating fleet.

The Nautilus' crew already has sailed her more than 3,000 miles and dived almost 100 times. But most of this has been to test her mechanical performance for the Electric Boat Division of General Dynamics Corp., which built her, and for study by Navy technicians.

The purpose of a shakedown cruise for a conventional submarine lasts between two and four weeks, but it was learned, that of the Nautilus will extend far longer than that and over much greater distances. There was no indication, however, that this first real sea cruise would be a test of the claimed round-world cruising capability of the first atomic submarine. Such a demonstration may come later.

The probability is that the Nautilus will cruise in the western Atlantic and Caribbean. She will work out against destroyer escorts, planes and blimps equipped with the most modern underwater detection gear.

The accident occurred at Miami Beach where the Imbs and Kerns were vacationing.

Mrs. Kern was fined \$150 for "reckless driving resulting in the death of a pedestrian and driving without a driver's license."

In one suit, Imbs asked \$350,000 damages for the death of his wife and \$100,000 for the unborn child's death. He charged that Mrs. Kern "willfully or recklessly or negligently" drove the car. In a second suit he asked \$350,000 damages as executor of his wife's estate.

Auto Death Suit Asks \$800,000

MIAMI, Fla. (AP)—Damage suits totaling \$800,000 have been filed against Mrs. Katherine Kern, wife of a Detroit department store owner, in the automobile death of a St. Louis, Mo. woman.

Joseph F. Imbs Jr., 34, whose pregnant wife, Janne, was killed March 2 when struck by a car driven by Mrs. Kern, filed the suits in Circuit Court.

Mrs. Kern was fined \$150 for "reckless driving resulting in the death of a pedestrian and driving without a driver's license."

In one suit, Imbs asked \$350,000 damages for the death of his wife and \$100,000 for the unborn child's death. He charged that Mrs. Kern "willfully or recklessly or negligently" drove the car. In a second suit he asked \$350,000 damages as executor of his wife's estate.

Bandung Conference May Hold Up Formosa Attack

Pope Addresses Record Throng In Easter Rites

VATICAN CITY (AP)—Giving his annual blessing to one of the biggest throngs in Vatican history, Pope Pius XII Sunday endorsed progressive disarmament and peaceful use of atomic energy.

The 79-year-old pontiff also warned against the still unknown effect on human reproductivity of radioactivity from nuclear explosions.

Energy For Peace

Police said the crowd numbered between 300,000 and 500,000. As evidence of progress in peaceful use of atomic energy, the pope, without calling it by name, took note of the U.S. Navy's atomic-powered submarine Nautilus. He said:

"Without fear of trepidation we have noted the recent advances which, after some definite progress, have successfully completed the first attempt to propel a ship by means of nuclear energy, at last putting that force to the service and not to the destruction of men."

Blessing On Leaders

"We exhort men of science and of good will to persevere bravely and confidently in their theoretical and experimental study of the instruments and the promising materials, so as to attain a worthwhile production of easily accessible energy, which may be put to use where it is needed and contribute to the lessening of the pressures of want and misery."

Earlier in his 1,200-word address the Pope had given his blessing to political leaders "so that sincerely prepared to reach a lasting understanding, they may throughout the world arrange treaties which will insure peace, start a progressive disarmament and thus spare humanity the destruction of a new war."

Farm Directors Fired In Russia

MOSCOW (AP)—Two state farm directors have been fired and ordered to pay personally for big livestock losses on their farms last winter.

Soviet Agriculture, official newspaper of the Ministry of Agriculture, and Minister of State Farms Ivan A. Benediktov, announced this today.

It is the latest results of purge in inefficient and corrupt managers of collective and state farms.

Nikita S. Khrushchev, party first secretary, has said that 30,000 of the nation's 90,000 directors of collective farms fall in that class and will be replaced by party relatives.

Benediktov has ordered one state farm director hauled to court for prosecution on charges of cheating and negligence. He has warned all others they will be held strictly accountable for any fraud or laxity.

State farms deliver all their produce to the government. Collectives deliver quotas and peasant members retain above-quota produce for free sale in city markets.

European Freighters Expand Their Service To Great Lakes Ports

DETROIT (AP)—Foreign steamship lines will expand their service in the Great Lakes at the opening of the navigation season, J. F. O'Brien Jr., steamship agent, announced today.

Five additional freighters will sail between European and Great Lakes ports.

The French Line will put the ships into combined service with the Swedish American Line, making a total of 13 ships operating under the arrangement.

They will alternate on scheduled weekly sailings from United States and Canadian ports, doubling the biweekly service provided since 1947 by the Swedish Line alone.

Earthquakes Topple Philippine Buildings

MANILA (AP)—Widespread earthquakes today collapsed homes, split highways and reportedly injured an undetermined number of persons in the southern Philippines—already hard hit by disastrous tremors April 1.

There were no immediate reports of deaths. The April 1 quakes caused at least 432 deaths and left thousands homeless.

Quakes of intensity 3 to 6 on a scale of 10 panicked residents in nine cities, six of them on Mindanao, second largest island, Philippine News Service reported.

PNS said many persons were injured in the Lake Lanao area of Mindanao, which bore the brunt of the previous earthquakes.

Residents in the Marantau district on the west shore of the lake reported "a yardwide fissure extending several miles" immediately after the first shock, said PNS.

"All buildings partially damaged by the recent quakes collapsed during this morning's tremors," PNS reported.

Funeral Held Up By 3 Accidents

MENA, Ark. (AP)—Three traffic accidents in different parts of the nation have resulted in an indefinite postponement of funeral services for Albert A. Philpot, originally scheduled for today.

The 75-year-old retired Polk County farmer and stockman died Friday and relatives from California and Texas began automobile journeys here.

A traffic accident Sunday near Seymour, Tex., critically injured a son, Otis Philpot, of Fresno, Calif. His sister and three other members of his family were not seriously hurt.

Another son, A. J. Philpot, also of Fresno, was reported in critical condition at an Idaho, Okla., hospital after the car in which he was riding skidded on wet pavement Sunday and crashed into a tree. His son Alton Ray, 7, was reported in "good" condition at a Texarkana, Ark., hospital where he had been transferred with serious head injuries. Others in the vehicle escaped serious injury.

A third accident had forced cancellation of a planned trip here by Sam Miller, of Tahoka, Tex., a brother of the deceased man's widow, and his wife. They had driven 100 miles when their car smashed into a bridge. Their injuries were described as not serious.

Stevenson Will Be Nominee For 1956, Gov. Williams Says

DETROIT (AP)—Gov. Williams says Adlai Stevenson will be the Democratic presidential candidate in 1956. And Williams says it isn't likely he will be a vice presidential candidate on a ticket with Stevenson because of the "geographical closeness" of Michigan and Illinois.

Williams made the statements Sunday on CBS's national television show "Face of the Nation."

He was questioned by three Washington newsmen.

Williams said he would be proud to be nominated for president but he quickly added that Stevenson "has got it for 1956."

The governor also said that recent Democratic gains in Michigan were the result of greater acceptance of the party's philosophy.

Ziegler Tells State To Save 64 Million; Opposes Toll Road

DETROIT (AP)—Charles M. Ziegler, state highway commissioner, says the State Highway Department plans a free super highway from Detroit to Bay City that would serve the same traffic as the proposed Flat Rock-to-Saginaw Turnpike.

Ziegler said Saturday the project had been given "top priority" under the good roads bill before the State Legislature.

He said the highway could be built for some 64 million dollars less than the toll road planned by the Michigan Turnpike Authority (MTA) and could be completed in four years.

Ziegler said the free road would be an extension of the Lodge Expressway and Northwestern Highway running west of Pontiac and east of Flint to a terminal point at Kawkawlin north of Bay City.

Eventually Ziegler said, links would be built to tie in with the Southfield Expressway planned by Wayne County, the Monroe Expressway, now under construction and Willow Run Expressway.

"I have never seen the necessity for a turnpike in Michigan," Ziegler said. "The people of Michigan should own their own highways."

Ziegler's disclosure added fuel to the controversy touched off by the release Thursday of the toll road route.

In Lansing, state lawmakers predicted a record turnout at a public hearing April 21 on demands for repeal of the 1953 turnpike law. Groups from Oakland County, Dearborn, Flat Rock and Flint who are opposed to the toll road, are expected to attend the hearing.

Mobs Get Rough In Phone Strike

ATLANTA (AP)—Tension mounted today in three states where mobs battered down a Southern Bell Telephone Co. exchange door, forced the closing of another exchange and squirted acid into a policeman's eye.

There was growing unrest elsewhere in the nine-state Southeastern area as the CIO Communications Workers of America strike continued for the 29th day.

The Easter weekend was marked by widespread violence, the cutting and shooting of more cables and the arrest of at least 17 persons. Company officials announced the dismissal of 19 strikers, bringing to 44 the number fired since the walkout started March 14.

At Clinton, Tenn., Sheriff Joe Owen said a mob of about 300 persons smashed the telephone exchange door after he read a temporary injunction banning mass picketing.

Tom Stokes, Southern Bell district manager, reported the door was quickly replaced with a metal one. No injuries or arrests were reported.

At Birmingham, Ala., 15 persons were arrested as police broke up a noisy crowd. Police Commissioner Robert Lindbergh charged the walkout had developed into an "explosive situation" and said gatherings of large crowds, can't be tolerated.

Peaceful Negotiation Of UAW Pay Demands Pledged By Giant GM

DETROIT (AP)—The giant General Motors Corp. pledged today to work hard toward negotiating a new contract peacefully with the CIO United Auto Workers.

Contract talks were due to resume this afternoon. The union opens negotiations with the Ford Motor Co. tomorrow.

The GM pledge was in newspaper advertisements in major cities. It was the company's first statement on its bargaining. It said nothing about the UAW's requests for the guaranteed annual wage.

Winning Combination

Instead, GM stressed that the expiring five-year contract with the union has meant prosperity for the company and the workers, in higher pay, steady employment, plant expansion and increased sales.

"Every one of us who is a member of the GM team can be happy that we have a winning combination that benefits all concerned," the ads said.

"There's every indication that this can be the best year of all. It's just plain common sense to keep the ball rolling straight through 1955."

This seemed to mean that GM wants if at all possible to avoid any strike in this year of record production. The present GM-UAW contract expires May 29, the Ford contract running out three days later, on June 1.

Open Mind Promised

"We at GM have taken our place at the bargaining table with an open mind," the company said. "As in the past, we are determined to work hard in an effort to negotiate a new agreement which will be fair and of mutual benefit to the public, our employees, the union and the company."

GM thus avoided displaying the slightest evidence of fight against the most controversial one for the UAW demands, particularly guaranteed year-around pay which Walter Reuther, president of the UAW and the CIO, has promised he'll win from the auto industry this year.

Next China Red Move Awaited By U. S. Forces

WASHINGTON (AP) — The African-Asian conference opening a week from today may be a big factor in Communist China's decision whether to attack in the Formosa area this spring or, in fact, at any time.

In any event, top U. S. officials have decided the Chinese Reds are not likely to move on the Matsuo or Quemoy islands before or during the conference, to be held at Bandung, Indonesia.

It was disclosed authoritatively Sunday that President Eisenhower has directed American forces to stand clear of any initial attack on the coastal islands until he personally can determine the nature and intent of the assault.

Job For Chiang

Administration sources said Chiang Kai-shek's Chinese Nationalists will be expected to bear any initial thrust. American forces have been told to stand in readiness but not fight unless deliberately attacked, they said.

Secretary of the Army Stevens, returning Sunday from the Far East, said he doesn't believe the Reds have any immediate plans for an offensive in the Formosa Strait. If there is an attack, he said, he thinks Chiang's forces could "give a very good account of themselves."

American leaders attach great importance to the Bandung talks, not because of the issues which will come up but because of the diplomatic maneuvers that will take place in conference corridors.

Look For Support

The Chinese Communists will be one of the principal participants. What happens to them there may have either of two results as authorities here analyze the situation:

1. If the Communists find that their demands for possession of Formosa and the offshore island group are generally supported as right, then they will be encouraged to use force in realizing those claims. The danger of war in the Formosa Strait would flame high the next week or soon thereafter.

2. If the Chinese Reds find that their threat to use forces costs them good will of the African and Asian nations and subjects them to censure, then they may be persuaded to stay their hand. Slender hopes for a negotiated settlement would be substantially enlarged.

The conference, with 29 nations expected, will open April 18. It is scheduled to run through April 24. American eyes and ears in Bandung will be supplied by Ambassador Hugh S. Cumming Jr., and his staff from the embassy at the Indonesian capital Jakarta.

The conference was called by a group of Asian countries and one of the leading figures is to be India's Prime Minister Nehru.

Eggs Are Rolled At White House

WASHINGTON (AP)—President Eisenhower threw open the White House grounds today for the traditional Easter Monday egg rolling, an event that draws thousands of children annually.

The President promised to greet his guests personally during the morning. He had a date to open the baseball season at Griffith Stadium in the afternoon.

The rolling, consists simply of rolling left-over Easter eggs down the grassy slopes of the south grounds—or, on occasion, of tossing the eggs at any handy target.

The White House said last week Mrs. Eisenhower would show up at today's festivities, but she switched plans and stayed at their farm home at Gettysburg, Pa. She is recuperating from a recent illness and supervising decoration of the Eisenhower's new home.

The President visited with her for a few hours Saturday afternoon and then drove back to the capital. Sunday he attended Easter services at the National Presbyterian Church.

Adlai To Speak At 10:30 Tonight

Supervisors To Elect Chairman

The Delta County Board of Supervisors will meet at 10 a. m. Tuesday in annual organization session, to elect a chairman and chairman pro tem. The new chairmen will then appoint standing committees for the ensuing year.

Supervisor Harold F. Gustafson of Ensign is present chairman of the board, and Supervisor L. J. Jacobs of Escanaba is chairman pro tem. The County Board has a total of 16 committees.

Three new supervisors were elected in the townships April 4 and will be seated as members of the County Board at the Tuesday meeting. They are:

Phil Miron, Ford River Township, who defeated incumbent Chester Feak; John Sharkey of Escanaba Township, a former supervisor, who returns to the County Board after defeating incumbent Henry Hughes; and Frank Gray of Garden Township, who succeeds Donald Douville as supervisor.

The Gladstone City Commission will meet tonight in organization meeting following the city election, including the appointment of members to the Board of Supervisors. No change in representation is expected.

There will be no change in the supervisors who represent the city of Escanaba on the County Board, since there was no city council election in Escanaba this year.

Youth Is Injured In Auto Collision

Gerald Callendar, 19, of Eastport, Mich., suffered a bruised right side at 11:05 p. m. Saturday when he was thrown from a car in which he was a passenger, in a collision of two autos at the intersection of 8th St. and 1st Ave. S.

The car in which Callendar was riding was driven by Gary L. DeVet, 19, and was owned by his father, Louis DeVet of Fayette. The DeVet car was traveling north on 8th St. and failed to halt at the stop sign at 1st Ave. S., according to police, who ticketed DeVet for failure to yield the right of way.

Colliding with the DeVet car was a car driven by Mrs. Clara W. Strom of 216 S. 5th St., Escanaba, who was going east on 1st Ave. S. Mrs. Strom applied the brakes and skidded for 21 feet in an effort to avoid the accident, police reported.

Callendar, who was operated on about two weeks ago for appendicitis, was not seriously hurt. He was treated by a doctor and released.

Rain Predicted For This Area

Occasional rain is forecast for the Escanaba area and for the Upper Peninsula tonight and Tuesday and if it materializes, it will be welcome, indeed. Dry grasses throughout the area have created a high fire hazard and no burning without permits is authorized.

The forecast is for cloudy skies with a low temperature of 44 tonight and a high Tuesday of about 60. East to southeast winds 12 to 18 mph, becoming south to southwest Tuesday are predicted.

Unseasonable warmth prevailed over most of Michigan and Wisconsin over the Easter weekend, except in areas, like Escanaba, where onshore land winds held temperatures down. Green Bay and Marquette each reported highs of 78 Sunday but the high in Escanaba Sunday was 50 degrees and the low last night was 37 degrees. The record high for the date in Escanaba was 64 in 1906 and the low was 8 degrees in 1890.

The rain area over the Mississippi Valley is expected to spread into parts of Michigan and Wisconsin tonight, while a low pressure trough moving eastward from the Rockies will cause showers late Tuesday.

Graveside Services For LaFave Infant Were Held Today

Graveside services for Thomas LaFave, infant son of Mr. and Mrs. Ralph LaFave, 214 S. 8th St., who died Saturday morning, were held today at 11 a. m. at Holy Cross Cemetery. Rev. Joseph W. Desrochers officiated.

The infant is survived by his parents; one sister, Debra; paternal grandparents, Mr. and Mrs. Irvin LaFave, Escanaba, and two paternal great grandmothers, Mrs. Frank Trudell, Escanaba, and Mrs. Flora LaFave, California.

Driver Ticketed Following Accident

MANISTIQUE—John L. Neff, 36, of Newberry, was arrested by Manistique State Police for driving under the influence of liquor after his car rolled over on US-2 one mile east of Manistique at 2:15 a. m. Sunday.

Police said that Neff lost control of his car on a curve, hit seven guard rails when he went off the road and then rolled over twice. He suffered lacerations on the neck and was given emergency treatment at Schoolcraft Memorial Hospital. Damage to his car is estimated at \$800.

DON'T BUY A HEARING AID

Until You Send for This Hearing Aid Evaluator

No gadget or gimmick can ever take the place of thorough audiometric hearing tests, but an ingenious new slide rule calculator developed by the Maico laboratories is proving very helpful to the hard of hearing as a means of making a rough appraisal of the type and degree of their impairment.

Characteristics of the various types and degrees of loss are listed on one side of the slide rule, suggested courses of action on the other. A simple movement of the slide matches up the suggested action with the user's hearing condition.

Quick and easy to use, this new calculator is something every hard of hearing person should have.

For a limited time only, the ingenious new slide rule is being offered free of charge to hard of hearing persons. Fill out coupon and mail to us in an envelope. This offer is limited so act now!

Follo Completes 35 Years With Goodyear

Val L. Follo, former resident of Escanaba, has completed 35 years of continuous service with the worldwide Goodyear Tire & Rubber Company.

He has enjoyed marked success during his lengthy association with the company. Since 1952, Follo has served as factory manager of a giant subsidiary, Goodyear Aircraft Corporation, at Akron, Ohio.

Counting four years during World War II, he has been associated with Goodyear Aircraft operations more than seven years.

The former Escanaban joined the Goodyear organization in 1919 as a member of the company's production control department. Six years later he was appointed general foreman, a position he held until 1929, when he was named division superintendent of Goodyear Tire's new plant at Gadsden, Ala.

In 1938, Follo was sent to Sweden as manager of the new Goodyear plant at Norrköping. His first association with Goodyear Aircraft came in 1942, when he was named production superintendent for the Corsair fighter program. As manager of the giant plant in which the swift Corsairs were built, Follo witnessed the construction of more than 6,000 of the airplanes.

Following World War II and termination of war contracts at GAC, Follo was appointed superintendent of the new Goodyear Tire facility at Uitenhage, South Africa. He returned to Akron in 1950 as superintendent of Plant Two tire production. His appointment as GAC factory manager followed two years later.

VAL L. FOLLO

The veteran Goodyear official was graduated from the University of Michigan in 1916. He served in the armed forces between 1917 and 1919, the majority of which time was spent with the 23rd engineers in France.

Follo resides with his wife, Emma, and daughter, Shirley, in Silver Lake, an Akron suburb. A son, Dr. Marshall Follo, resides at Gadsden, while another son, Dr. William Follo, makes his home at Greensboro, N. C. Shirley is associated with the public relations department of the Akron Beacon-Journal.

Accidents Kill 18 In Michigan

By THE ASSOCIATED PRESS

Eighteen persons lost their lives in accidents in Michigan over the weekend.

Fair weather and the lure of the open road resulted in jammed highways. Twelve traffic fatalities were reported. Three persons died in one mishap.

Drownings claimed two lives and a boy was killed accidentally by a home-made spear fashioned by a playmate.

John Gunnerson, 14, was killed accidentally Sunday by a spear fashioned from a file and a 5-foot piece of molding. A companion, Ronald Lee Brandon, 14, tossed the spear while the two were playing in a vacant lot near their homes in Detroit.

Drowned In Bathtub

Charles Hall, 31, of Detroit died of burns suffered Saturday when he fell asleep while smoking.

William Woodward, 42, of Detroit, drowned Saturday in Duck Lake near Interlochen in Grand Traverse County.

Douglas M. Owens, 6, of Detroit, drowned in a bathtub at his home Saturday night.

The body of Linward White, 46, was found Saturday night near the New York Central railroad tracks not far from his home in Inkster. Police said he apparently had been hit by a train.

James N. Fecher, 10, of near Grand Blanc, was killed Saturday when a tractor he was driving overturned on him at a farm in Genesee County.

Pastor Fatally Hurt

Traffic fatalities included:

Mrs. Edna Bradley, 32, Mrs. James Carroll, 53, and Kenneth Skutt, 36, all of Midland, killed early Saturday when a car plowed into a group investigating a minor traffic accident near Midland.

Robert E. Kelly, 26, of Union City, killed Sunday, when his car overturned on M 60 in Calhoun County.

The Rev. Grover L. Lauden, 70, pastor of the Methodist church at Carleton, was killed Saturday in a car - truck collision on Telegraph Road in Monroe County.

Joseph R. Langtry, 25, of Cusick Lake was killed Sunday when his car crashed into a tree near Romeo.

Mrs. Elsie Wynne, 46, and Mrs. Margaret Kaczmarek, 17, of Bay City, were killed Sunday in a two-car collision near Bay City.

Briefly Told

Bitten By Dog — Otto Smith, 625 Stephenson Ave., was bitten Saturday by a dog owned by Miss Carolyn Johnson, 517 Ogden, it was reported to police. The owner has been ordered to keep the dog confined for 10 days for rabies observation.

Holy Name Fathers—The Holy Name Fathers club will meet Tuesday, April 12, at 8 p. m. at the Holy Name High School for a regular business meeting. Brother Nicholas will conduct a tour of the shop classrooms and demonstrate the various activities carried on in the classes.

Motorists Ticketed — Escanaba police have issued traffic violation tickets to the following motorists: Ralph J. DeCaire, 331 N. 20th St., speeding; Clarence H. Lenhart, 318 N. 16th St., improper right turn; Richard Miller, Rapid River, disobeying stop sign; Thomas A. Boyle, 907 S. 11th St., expired license plates; Kenneth L. Gundersman Jr., 1011 8th Ave. S., speeding; Kenneth Duchaine, Milwaukee, speeding; Rene Marcoe, 525 S. 18th St., speeding and no operator's license on person.

Gen. Johnson Will Inspect Company B

Brig. Gen. Briard P. Johnson, chief of the Michigan Military District, and Col. Edward G. Hellien, senior Army advisor of the Michigan Military District, will this evening inspect Company B, 433rd Engineering Construction Battalion, a local reserve unit.

Gen. Johnson will continue through the Upper Peninsula from Escanaba, inspecting National Guard, R. O. T. C. and Reserve units.

Born in 1905 in Lynn, Mass., Gen. Johnson graduated from Norwich University, Northfield, Vermont, in 1927 with a B. A. in civil engineering. He was appointed second lieutenant in Cavalry Reserve and participated in reserve duties until he went into active duty in 1933.

He has served his country in a number of campaigns and for gallantry in action and distinguished service he has been decorated by France, Belgium and Russia. His decorations by the United States include the Legion of Merit, Silver Star and Bronze star with two Oak Clusters.

NAMED FOR POPE

The name poplin comes from papeline, a fabric woven of silk at Avignon, France, in the 1400s. The new fabric was named to honor the Pope, who reigned in France when it first was woven.

Detroit Boy Killed By Home-Made Javelin

DETROIT (AP) — John Gunnerson, 14, was killed Sunday by a home made javelin flung in play by his best friend.

Ronald Brandon, 14, tearfully told police how it happened.

John and Ronald with two other boys were tossing the javelin at crabs in a pond in a field they called their "campsite."

Ronald heaved the javelin fashioned from a 5-foot piece of base board molding and tipped with a carpenter's file. John suddenly darted into the path of the javelin. It struck him at the base of the skull.

Soviets Invite 4 U. S. Pastors

PHILADELPHIA (AP)—A Russian church group has invited four Baptist clergymen, three of them Americans, to visit the Soviet Union on a preaching mission this summer.

The Rev. Dr. V. Carney Hargrove, president of the American Baptist Convention, said Friday night that he had received such a bid from the Russian All Union Council of Evangelical Christian Baptists.

Similar invitations, Dr. Hargrove said, went to Dr. Arnold Ohm, of Norway, secretary of the Baptist World Alliance; Dr. Joseph Jackson, Chicago, president of the National Baptist Convention, Inc., and Dr. Theodore Adams, pastor of the First Baptist Church at Richmond, Va., an official of the Southern Baptist Convention.

Dr. Hargrove, pastor of the Second Baptist Church in suburban Germantown here, said a final decision on the invitation will not be made for about two weeks.

Contaminated Wheat Seized In Detroit

LANSING (AP)—The State Agriculture Department has seized two more carloads of wheat suspected of being contaminated with a poisonous mercurial compound.

Miles A. Nelson, chief of the department's marketing division, said the cars were consigned to the Henkel Milling Co., in Detroit. The company was unaware of the faulty wheat, Nelson said.

The compound is used to treat wheat intended for use as seed. Three other carloads were recently seized by the department.

North had little to spare over his opening-bid requirements, but, with the solid diamond suit, he was right in refusing to hang a trick short of game at two no-trump.

West, despite the spade bid at his right, opened the spade jack. East put up the ace and led back.

the spade six. South won, then led a diamond to dummy and returned a club toward his own hand.

If East had played low at this point (as 99 out of every 100 defenders would do), he would have made things easy for declarer, who of course would have put on a low card. Then, even if West held up his king, South could return to dummy and pass another club, thus collecting three tricks in the suit.

Actually, however, East foresaw this development and boldly put up the club queen. Declarer won and led the club jack, but West properly held up his king. Now declarer started to fear that he would be shut out of his own hand, so he cashed his spade queen and then led a heart toward dummy, hoping to guess right. As it happened, however, he guessed wrong, putting up the king. East returned a club, and after West cashed his king, he threw dummy in with the diamond and waited for the two heart tricks that had to be given to him.

South, after cashing two club tricks, had run the diamonds and then exited from dummy with the last club, the defenders would have been in a hopeless position.

Rockford Mother Drowns Diving For Daughter In Cistern

ROCKFORD, Ill. (AP)—A Rockford woman drowned in an abandoned cistern Friday trying to save her young daughter, who was rescued by firemen.

She was Mrs. Etta G. McIlwain, 43, whose husband, William, is personnel manager of the Quaker Oats Co. plant in Rockford.

Mrs. McIlwain plunged into 10 feet of water in the unused cistern after her 8-year-old, Janet, had fallen into the 14-foot tank beneath a porch of their home.

Neighbors summoned firemen, who pulled the mother and daughter from the cistern. They revived the child but were unable to revive the mother.

Mrs. McIlwain is survived by two other children, James, 13, and Jack, 11.

Tragedy Hits Family

PONTIAC (AP)—Tragedy visited the Cass Hamilton family of seven for a second time in two months Friday.

A son, John, 21 months, wandered away from his White Lake township home and drowned in Pontiac Lake.

Earlier a fire destroyed the family's house trailer home in Milford.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

President Takes Work-Vacation

WASHINGTON (AP)—President Eisenhower leaves tomorrow morning for a work-vacation at Augusta, Ga., with a stop at Charleston, S. C., enroute.

Traveling in the presidential plane Columbine III, the President expects to arrive in Charleston shortly after 9:30 a.m. He will be met at the airport by Gen. Mark W. Clark, head of The Citadel military school, and South Carolina officials.

At The Citadel, Eisenhower will review the corps of cadets from a jeep before receiving an honorary doctor of laws degree in an outdoor ceremony. He plans to make a brief talk.

Eisenhower is due in Augusta around 1:15 p.m. he plans to remain there until April 20, paying his usual spring visit following the Masters golf tournament.

The president will be accompanied only by a small staff.

Mrs. Duchene, 83, Of Isabella, Dies At Escanaba Hospital

Mrs. Philomene Duchene, 83, of Isabella died at 11 a.m. today at St. Francis Hospital. She had been in ill health several years.

Born July 8, 1862 in Canada, she came to Garden at the age of nine. Mrs. Duchene spent most of her life at Garden with the exception of the past nine years which she had spent at the home of her daughter, Mrs. Arthur Larscheid, at Isabella. She was a member of St. John the Baptist Church.

Surviving are one son, Joseph, Garden; three daughters, Mrs. Charles (Mary) Tatrow of Garden, Mrs. Adele McClanahan of Miami, Fla., and Mrs. Arthur (Hazel) Larscheid; 14 grandchildren, 27 great grandchildren and three great great grandchildren.

The body was taken to the Alto Funeral Home where funeral arrangements will be completed later today.

Austrian Minister Broom Into Red Zone; Freed With Apologies

VIENNA, Austria (AP)—The Russians arrested Austrian Trade Minister Udo Illig Sunday after a charity balloon flight wafted him into their zone.

They released him and his companions three hours later with apologies.

Illig, his son and several others set out from Vienna in a Swiss balloon scheduled to land at Salzburg in the American zone. But wind currents carried them over Soviet territory and they landed near Arbesthal, about 25 miles below Vienna.

Communist Nations Pump Red Propaganda Into Greek Children

Editor's Note—The cold war is the stage of a modern Greek tragedy. Communist nations have been pumping Red propaganda for seven years into about 28,000 Greek children abducted during the Greek civil war. Now the Reds are suddenly eager to return the hostages. Why? William L. Ryan has sought the answer in a survey of political, economic and military implications on the spot. This is the first of three dispatches.

By WILLIAM L. RYAN
AP Foreign News Analyst

Kastoria, Greece (AP)—A special train from Communist Bulgaria screeched to a halt on the Greek side of the frontier. A Greek in his early 20s leaped to his knees, kissed the Greek earth he had not seen for seven years.

The young man wept as he proclaimed his joy at deliverance. He had been one of about 28,000 Greek children abducted by the Communists, along with thousands of adults, during the Greek civil war of 1947-49.

Specimen Of Tragedy
Two weeks after his repatriation, Greek security police arrested this same young man. He was, they said, a trained Communist spy.

The young man was more than that. He was an example of how communism sets about to capture a generation. He was part of a compounded tragedy which has become a major problem for Greece and a matter of concern for Greece's friends, including the United States.

This area, within sight of the towering wild mountains—which mark the border of Communist Albania, was one of the hardest hit by a crime which shocked the civilized world—the wholesale kidnapping of Greek children.

Now the Communists seem suddenly eager to return thousands of those forced across the border and possibly some of the many who went willingly as the families of Red guerrilla fighters.

What's Behind It?
Many Greeks are asking—Why? Why, at this moment, after all these years and all the futile pleas of Greece before world opinion?

For humane reasons the Greeks want their people back. But there are misgivings. A sudden flood of repatriates raises serious economic difficulties in the villages. It raises political problems, too, because the children forcibly abducted have reached their late teens and early 20s after seven years of the most rigorous Communist indoctrination, forced estrangement from their parents, isolation from any free world influence.

And Greeks ask: Are the Communists preparing a time-bomb for Greece?

Communists of the Soviet Satellite nations, through the International Red Cross, agreed last year to return some of the Greeks. Up to now, 3,700 have been repatriated in this way, but:

Of the 3,700 repatriates, 60 per cent are women. About 1,300 are over 60 and an equal number are children, most of them born across the border. Only 1,100 are in the 20-to-40 group. Those coming back at the moment include many who will be burdens to their communities. Attached to their return is a condition that they must go to the villages or areas of their origin.

Too Many To Handle

Even these few created problems for Greece. The Communists seemed fully aware of that. Poland suddenly offered to repatriate 6,000 in the dead of winter, when it would be most difficult to accommodate them. The number was too great for the Greeks to handle in one batch. They asked that it be scaled down to 2,500 and the time advanced to spring.

There is now a strong rumor that the Communists replied with an offer raising the number to 11,000, to be moved in a single batch at once. It seemed an effort to embarrass the Greeks. Security screening alone is a long and arduous task, taxing Greek facilities to the utmost.

There might not be dangerous elements among the first batches. Repatriates here angrily deny that any of their number has any use for communism. But Greek officials are frankly worried about those to come—a children schooled for seven years in a Communist vacuum.

Interrogation has shown that many of the children, grown to adulthood in isolation from their parents, have undergone the most thorough of indoctrination courses.

Proposed Jet Base Sites In Michigan Get Final Inspection
TRAVERSE CITY (AP)—Maj. Gen. Lee B. Washburne, assistant chief of staff for Air Force installations, made a personal tour of three proposed sites for a jet plane base in northwestern Michigan over the weekend.

The sites are in Benzie, Kalamazoo and Wexford counties.

Air Force survey teams made a complete inspection of the locations last March.

Gen. Washburne said he will submit his report on the locations to the House Appropriations Committee.

Convict Singer Refuses Parole

MONTGOMERY, Ala. (AP)—Prison officials didn't believe it at first when they heard that a young convict turned down a chance for a parole because he likes to sing on the Kilby Prison quartet.

Orville F. Gray, 27, also surprised Parole Supervisor E. M. Parkman when the official came to interview him in regard to parole.

Gray, convicted of robbery, in 1948, has served most of his 10-year sentence. He could take a parole in June.

The parole supervisor said Gray asked to be passed over for parole so he could continue singing in the prison quartet.

Chaplain Fred B. Pearson said the prison singers have been working hard to build up their quartet which frequently makes outside appearances.

Gray will finish his minimum sentence around the first of next year.

Nearly 70 per cent of accidental deaths in the United States come in victims' nonworking hours.

Wall Street

NEW YORK (AP)—The stock market advanced today, but there were several areas of backwardness.

The rise carried prices up around three points at the best. Losses went past a point in several instances.

Trade maintained a pace around 2½ million shares for the day, compared with 2,330,000 shares Thursday.

Steels had at hand a report by the magazine "Steel" that "steel demand and production have leveled off." It added: "Both are high and should remain so most of this quarter."

Aircraft were mostly lower. It was disclosed in Washington that a House committee plans hearings on industry profits from government contracts.

Studebaker-Packard stood out in the motor section, up ¾.

Anacosta Copper was up ½.

U. S. government bonds were easy.

Lumberjack Kills Brother In Fury

OROVILLE, Calif. (AP)—A gaunt, brooding lumberjack shot and killed one of his three brothers in a fit of fury Friday, wounded another, held off a posse in a gun battle and then attempted suicide.

Sheriff Larry Gillick said Clifford Taber, 42, was saved after the suicide attempt by Highway Patrol Sgt. A. T. Cumins who pressed his thumbs against the lumberjack's neck to stop the flow of blood after Taber slit his own throat.

Mrs. Alice Taber, 34, mother of the brothers, said she saw Clifford kill his brother Clarence, 56, with a single shot. She was in the house with Clifford when he seriously wounded another brother, Floyd, 50, but fled while he shot at an 18-man posse outside.

Gillick said Clifford told him that his brother had called him names.

Success Rules—In So Many Words

ANN ARBOR, Mich. (AP)—Stanley F. Teele, associate dean of Harvard University's business school, says that "neither intellectual capacity nor specific knowledge alone provide much of a guarantee of success in a profession."

"Performance in those areas," he said in a speech at the University of Michigan, "is determined at least as much by a man's attitude, point of view, emotional maturity or strength of motivation as it is either by his knowledge or his intellectual capacity to think or to use words."

LIKELY CHOICE — Marshal Konstantin Rokossovsky, wartime Red Army leader and Polish Minister of Defense, is believed the likely choice for Supreme Commander of Russia's projected Eastern Unified Military Command. Russia's counterpart of NATO, it includes the seven Communist East European satellites.

HANDLESS PIANIST BLAYS ON—Proving you can't keep a good concert pianist from the keyboards is Raymond Leizer, who lost both hands during a land mine explosion in 1948 Arab-Israeli fighting. He's demonstrating the skill of his artificial hands before the Chicago Rotary Club. At left is Ollie Jones, a Rotarian.

Delivers Oil To Wrong Home—A Mess

CHICAGO (AP)—The order read: "fill 'er up" at 6211 N. Bernard St., the home of the Norman Bermants. Albert Berg, fuel deliveryman, removed the outside cap for the oil storage tank and delivered 250 gallons of fuel oil. He knew the place; he had delivered oil there before. It was just routine.

He realized he was at the Joseph Slonim home, a block away, at 6111 N. Bernard St., too late to prevent damage to a basement playroom.

The Slonims recently converted to gas heat and had removed their storage tank but left undisturbed the outside hose connection.

The Hawaiian Infantry Training Center at Schofield Barracks, Territory of Hawaii, recently graduated its 20,000th Army trainee since its activation in March, 1951.

21 Cranes Will Whoop Goodbye In Mid-April

WASHINGTON —Twenty-one whooping cranes, sole survivors of their stately kind, will sound their buglelike "ker-loo-ker-lee-oo" in mid-April and fly from Texas toward far north nesting grounds.

Their springtime migration from the Aransas National Wildlife Refuge on the Texas coast always fascinates bird lovers. Very little is known of the birds in their secret haunts near the Arctic Circle. They are so furtive and fly so high that few persons see them. Until late October when they wing back to Aransas and safety, ornithologists wonder: How many will come back this time?

The number has been small and strangely varying since an accurate count of 18 was made in 1938-39. The National Geographic Society says. A low of 15 flew to Texas in 1941-42. There were 34 in 1949-50 but only 21 in 1952. All 21 adults and 3 young returned to Aransas in 1953. In 1954, 21 adults returned—but mysteriously no young came with them.

Long Way Between Homes
The powerful whooper, often standing five feet tall, makes a hazardous migration approaching 2,000 miles. Singly, in pairs or family groups, it flaps northward across Texas, Oklahoma, Kansas,

Nebraska and northwesterly through Saskatchewan. Thereupon its life fades largely from view.

One nesting area, however, has been discovered in Wood Buffalo National Park, south of Great Slave Lake. In such undisturbed remoteness the vanishing birds hatch their fledglings.

On arrival at Aransas the hardy young are colored buff, cinnamon and russet. Then about five months old, they have flown for only five or six weeks, the last two or three spent behind the while-plumed, migrating adults. The autumn trip southward is often imperiled by hunters.

Spectacular fliers, the whoopers also are noted walkers on the wintering ground. The young seem awkward as they trail behind parading parents. Their wings appear oversized. To one observer a young whooper looked like "an over-tall 12-year-old boy whose hair needed brushing."

Stake Territories
With fierce proprietary instinct the big birds stake off territories of perhaps a mile in diameter and warn off other whooping cranes. Sighting an intruder, the male charges with the female and young in its wake. The fledgling's interest is chiefly in food which the female supplies until

January. By February the young one looks almost adult. By March or April, when the prancing pre-nuptial dances of the parents grow intense, the young bird isn't wanted around. Both parents try to chase it away.

The whooper, however, doesn't veer easily. Despite the chasings it may return and, curiously, be restored to the family circle. It makes the northward journey with the parents, but its treatment on the obscure breeding grounds isn't known. Non-breeding societies are formed—but how? A more urgent question is: Can the 21 survivors long perpetuate their kind? Or will the whooper, probably never too numerous, join the great auk and several other species in disappearance from the world?

A coast redwood 364 feet tall in California is rated as the world's tallest tree.

"I insisted that Wilbur bring his toys along to keep him occupied while I visit."

Young Organist Reveals Artistry In Concert

Outstanding among musical programs of the Easter season in Escanaba was the second annual organ concert presented at Bethany Lutheran Church Sunday evening by Miss Karen Klansky of Bismarck, N. D., gifted young artist.

In addition to the beauty of Miss Klansky's organ music was an exceptional performance by Mrs. Cory Hartbarger, of Escanaba, contralto, whose accompanist was Don Aronson.

Miss Klansky, who is 17, plays with a sureness and maturity far beyond her years. She revealed brilliancy and feeling with remarkable color tone in the Bach Fugue in G. Minor which was among her first group of numbers.

Started At 8
Primitive Organ by Yon, a humorous bit, was done with a fast light touch which was perfection in itself and the flawless technique which characterizes her playing was emphasized in Prelude, Fugue and Variation by Franck.

A request number, Gothic Suite by Boellman, was beautifully performed.

The young organist started her piano studies when she was 8 under Belle Mehus of the Mehus Conservatory of Music at Bismarck. She gave her first piano recital at 15. She started her organ studies when she was 12 and went to Minneapolis to study two years under Arthur B. Jennings of the University of Minnesota. On her return to Minneapolis she will study under Paul Manz who is replacing Mr. Jennings while he is in Europe.

Miss Klansky will be graduated from Marshall High School in Minneapolis in June and immediately following graduation she will be presented in a concert in Chicago.

Fellowship Hour
Mrs. Hartbarger, who has appeared on many Escanaba programs, sang with great ease and understanding. Her lovely contralto voice had warmth of tone and her diction was flawless. Her selections included How Beautiful Upon the Mountains, by Harkner; Deep River, a Negro spiritual, and I Know That My Redeemer Liveth, from Handel's Messiah.

The Easter concert which attracted a large attendance was followed by the fellowship hour in the church parlors.

SCHULENBURG, Tex. — The bobby-sox set here has a new craze. It is played with the right-hand digits on out-of-state license plates. The player must locate a 1, then a 2, and so on up to 100. The numbers must be found consecutively. 'Tis said when the player reaches a 100 she'll get a marriage proposal. One senior volunteered that no one has reached a hundred. (Amazing—the optimistic Texans.)

OLYMPIA, Wash. — Teen-agers have rebelled against remarks about their driving. Their challenge for a month-long driving safety competition with the city's adults has been accepted and the Police Department is keeping score.

COLUMBUS, Ohio. — Ohio's Department of Safety has found a way to curb reckless driving—it has appealed to girls not to date boys "who make raceways out of highways, roads and city streets."

German Youths Flock To Army

BERLIN (AP)—Communist East Germany said that hundreds of youth are flocking to join its army. The government news agency ADN said 200 students at a college in Potsdam have agreed to serve two-year terms in the armed forces.

Another ADN report said 67 students volunteered in the Altenburg area.

The dispatches were part of a concentrated propaganda campaign which opened last month after France approved the Paris treaties for West German rearmament and sovereignty.

East Germany claims that West Germany is planning eastward aggression, and that this calls for a strengthening of East German armed forces.

It is estimated that East Germany has slightly more than 100,000 men in the army, known as "barracks police," and 30,000 more in air and naval forces.

Wife Of Governor Invited To Christen Beaver Island Ferry

CHARLEVOIX (AP) — Mrs. G. Mennen Williams has been invited to christen the "Emerald Isle," new Charlevoix - Beaver Island ferry nearing completion at the Christy Corp., shipyards at Sturgeon Bay, Wis.

The 72-foot, steel-hulled ferry is scheduled to be launched early next week.

Making golf balls radioactive so they could be found in the rough with a Geiger counter sounds like a good idea. But it won't work, says the National Geographic Society. If the ball could be spotted at any distance, it would probably be too "hot" for the golfer to use safely.

TOLLS ITS OWN DEATH KNEEL—Bell tower of San Francisco's world-famous Ferry Building topples into the inferno that was once north wing of the venerable structure. Blaze, which started in carpenter's shop, took one life, injured at least five, and caused damage to Ferry Building and surrounding structures which may total \$2,000,000.

Wartime Baby Boom Affects Prisons Too

LANSING (AP) — The war-time baby boom that has jammed the nation's schools has prison officials worried too.

John J. Spencer, assistant director of the State Corrections Department, said the state expects a big increase in the number of prisoners. Spencer said, "We're already jammed — and that will add to our troubles."

When was the last time you drove a Ford?

If you haven't stepped inside a 1955 Ford and tried new Trigger-Torque power you don't know how much fun driving can be

Of course, you've seen it... and heard about it. But when was the last time you actually got behind the wheel and drove a Ford?

If you haven't driven a Ford lately, you're in for a thrilling experience. Ask anyone who has!

For, this Ford is totally unlike any car you've ever taken for a spin... unless you've put a Ford Thunderbird through its paces. The Thunderbird, you know, inspired the styling in all 16 of Ford's new models this year.

Inside Ford's Luxury Lounge interior you'll find fresh new two-tone colors... rich new fabrics... totally new door paneling... and a sweeping new control panel.

And the way this '55 Ford behaves is something which only a Test Drive can describe. But here's a hint: Ford's new Trigger-Torque power responds to your wishes in as little as 7/100 of a second... and this power is yours in Ford's new 162-h.p. Y-block V-8, 182-h.p. Y-block Special V-8 or a new 120-h.p. I-block Six.

There are many, many more surprises in this completely new Ford. To get the full story, why not accept our invitation and take a Test Drive?

Come in for a Test Drive and you'll want to drive it home

Some Ships Make Too Much Smoke On Detroit River

WASHINGTON (AP)—The United States and Canadian International Joint Commission says some ships are making too much smoke on the Detroit River between Lakes Erie and St. Clair.

The commission, composed of representatives of the United States and Canada, said Friday it had asked its legal advisors to investigate the problem of enforcement and jurisdiction of smoke control regulations.

"The owners of vessels which failed to meet the commission's objectives during the 1954 shipping season are to be notified accordingly and urged to take the necessary steps to ensure compliance with smoke emission objectives for the coming season," the commission said.

Union Dues Go Up \$5 For UAW Members

DETROIT (AP)—The CIO United Auto Workers Union has asked the nation's Big Three automakers to start deducting union dues at the increased rate of \$7.50 a month from the paychecks of hourly rate employees.

The boost from \$2.50 a month was approved overwhelmingly at the UAW convention in Cleveland. The additional \$5 is earmarked for building up a 25 million dollar strike fund to support the union's battle for a guaranteed annual wage for its 1½ million members.

Disclosure Friday of the UAW request to General Motors Corp., Ford Motor Co. and Chrysler Corp. brought no indication from the auto companies of whether the new rate would be deducted under the so-called "check-off" system or considered an assessment and not deductible.

Snow Problems Face Hatchery Workers At Fox River Ponds

Most of us weren't thinking about snow Easter Sunday, but crews of the Thompson fish hatchery were well aware of it as they laid plans to open up Fox River ponds.

At last check, Supt. Martin C. Miller reported, there was 37 inches of snow lying along the banks of the summer and winter ponds, and the larger winter unit was still crusted over with snow and ice.

This week a plow is to be taken to the river site nine miles north of Seney to open up roadways. When this has been accomplished, some 35,000 legal trout will be removed from a shallow summer pond and brought to the Thompson hatchery for planting.

Planting of trout in streams is slated to begin in May, when weather, drain-off and road conditions permit. As planting proceeds, trout kept in the winter pond at Fox River will be transferred to the summer pond, and legals will be sorted out for stocking in streams.

A full crew now is working at the hatchery, Miller said. The Eckerman station will be opened for the summer in the latter part of May.

About 600,000 trout will be planted by the hatchery this year.

Coast Guard Will Send Recruiter Here Thursday

A U. S. Coast Guard recruiter will be in Manistique at the Post Office building Thursday, from 9 a. m. to 4 p. m., to interview young men who wish to enlist.

The Coast Guard needs men between the ages of 17 and 30 and those qualified can be enlisted immediately, according to Edwin A. Wilson EN2, USCG Recruiter of Sault Ste. Marie, Mich. Those enlisted will receive basic training at the U. S. Coast Guard Receiving Center in Cape May, N. J.

Young men who will graduate from high school in June and plan to enlist are advised to contact the Coast Guard recruiter when he is here this week, or in the near future.

Nursery Begins Lifting Tree Stock Today

Lifting of pine tree seedlings at Wyman nursery here began today, and first shipments to fill private orders will be made Tuesday, Supt. Carlton E. Hollister reports.

The nursery this summer will sell nearly three million tree seedlings, chiefly red pine, and will plant another 10 million trees. A crew of 15 now is working at the nursery, and as lifting proceeds others will be hired, Hollister said.

Trees going out this week will be for Lower Michigan private planters. Orders from Upper Michigan will be held up a short time because of snow in some forest areas.

Wyman nursery this spring received 600 orders for trees. Of these three per cent were from Schoolcraft county, 50 per cent from elsewhere in Upper Michigan and 47 per cent from Lower Michigan. The private planters' orders included with those for forests and for windbreaks.

Dickinson county turned in 20 per cent of the orders from Upper Michigan and Menominee county eight per cent.

Not all orders for tree stock could be filled this year, Hollister stated, due to heavy demand. The trees are supplied on a first-come, first-served basis, he said, and a number of late Upper Michigan orders could not be filled.

In addition to filling the 600 orders here, Wyman this spring is sending a bulk shipment of a million and a half trees to Lower Michigan nurseries, which will package them to fill private orders.

In This Corner

With Ray Crandall

At least three major league baseball teams have written for Holy Name's diamond schedule this season. The interest centers around young Jim Greenwood, classy shortstop, who is regarded as a good professional prospect. Scouts want to see Greenwood in action as a senior on the Crusader nine.

Baseball is the big news in the Iron Mountain area where support is generating for a junior program on the style of Escanaba's Little League. And Menominee Range coaches are toying with the idea of playing regular conference ball during the summer months. Moon Molinari of Iron Mountain contends that summer baseball, supervised by the schools, would serve a two-fold purpose—provide a more adequate spring sports program and a better brand of prep baseball. The Mountaineer coach stresses that most schools are faced with the problem of insufficient talent to spread over the various spring sports which include baseball, track, tennis and golf.

And also at Iron Mountain, one of the Upper Peninsula's top Class B basketball coaches has resigned—Joe Poisson who was the U. P. cage Coach of the Year in 1954, quit the Mountaineer school to take a similar job at L'Anse. That leaves the Twin Cities of Kingsford and Iron Mountain without a basketball coach between them—Dick McCarthy of Kingsford announced his resignation at the close of the season.

Watch out for Sault Ste. Marie in track and field again this year. Coach Arnie Kranz's Blue Devils were undefeated on the cinders last year and won the Upper Peninsula Class B team championship. There are 13 varsity lettermen back from that team.

Margaret Seidl picked up the 4-7-6-10 split in K. C. Wednesday Major League action last week. And Fran Goodreau converted the 4-7-10 split in the K. C. Wednesday Minor.

All-time records in the Upper Peninsula Bowling Association tournament, now in progress at Ishpeming, follow: Marquette Lake Shores, 2023 team total; B. Aken and V. Beattie of Munising, 1319 doubles total; H. J. Christenson of Marquette, 711 singles total, and Al Gyslinck of Norway, 1956 all-events total.

Another amateur boxing show is slated for Sault Ste. Marie on Saturday night, April 23. Soo boxers will fight a team of scrappers from Pontiac. Three U. P. Golden Gloves champs will be on the show with John Ruskis, novice middleweight; Brian Mastaw, open middleweight, and Verne Coutant, novice light heavyweight set for action.

For the first time in years, announcement of the annual Great Lakes Conference all-senior all-star cage squad was not made public. In the past, the league commissioner notified newspapers of the selections that are made by Great Lakes coaches at their annual spring meeting. It seems like an extremely poor job of public relations to name a league all-star team and then not bother to make it public.

1955 Major Leagues Open Baseball Campaign Today

(By The Associated Press) The nation's millions of baseball fans eagerly awaited President Eisenhower's first "pitch" today, the signal for the official opening of the 1955 major league season.

After the chief executive's ceremonial toss in Washington, the Senators, according to custom, were scheduled to launch the American League campaign. They play the Baltimore Orioles.

The six other clubs will start Tuesday.

The National League's Cincinnati Redlegs also were slated to beat the gun by 24 hours, taking on the Chicago Cubs. A traditional sell-out crowd of some 33,000 was ready for the opening of the National League's 80th campaign, gating back to 1876.

Redlegs Face Braves

Action will break out on all fronts Tuesday. In the National League, Pittsburgh will be at Brooklyn, New York at Philadelphia, Cincinnati at Milwaukee and St. Louis at Chicago. In the American, it's Washington at New York, Chicago at Cleveland, Boston at Baltimore and Detroit at Kansas City.

The spotlight will focus on Kansas City, making its formal bow in major league society.

Fair and warm weather was promised at Washington today, where a sellout crowd of 27,000 was expected to see the Senators' Bob Porterfield oppose Baltimore's Lou Kretlow in a battle of righthanders.

Veterans Will Pitch

A pair of veteran right-handers, Bob Rush for Chicago and Art Fowler for Cincinnati, were the

probable pitching choices at Cincinnati.

Experts have tabbed Cleveland and Milwaukee as the likely World Series antagonists. The Indians were picked to win the American League pennant after a bitter struggle with the Yankees and

Tigers May Have Only Two Players Over 30 On Field For Opener

ST. LOUIS (P) — If Manager Bucky Harris of Detroit starts Jay Porter at first base and Bubba Phillips in left field when Detroit meets the Kansas City Athletics Tuesday he'll have only two men on the field over 30 years of age.

Already the youngest squad in the American League, Detroit will present an almost beardless lineup.

Only Ray Boone and Fred Hatfield are over the 30-year-old mark. Boone by 20 months, Hatfield by less than one month.

Kaline Youngest

Al Kaline, just turned 20, will be the youngest Tiger on the field. Detroit has a free day today after Sunday's 10-9 defeat by the St. Louis Cardinals.

Detroit scored eight runs in one inning but still couldn't beat the Cards in their final exhibition game.

St. Louis first blew a 6-1 lead and then overcame a 9-6 deficit to gain the victory.

Each side had 13 hits. A total of 10 pitchers were used — five for

Church League's Dartball Tourney Begins Tomorrow

The Delta County Church League Dartball tournament will open Tuesday, April 12, at the Rapid River High School gym with the first games scheduled for 9 p.m.

The First Methodist team of Escanaba is defending champion and will be shooting for two straight titles. All games will be seven innings with the exception of the championship game which will be nine.

The regular season came to a close last Tuesday with the Bethany Lutheran team of Escanaba coping the second half of the season

Miss Mann's great performance and versatility made Walter Reed a runaway winner of the three-day meet with 95 points. Lafayette was second with 53. Indianapolis was third with 33. Fort Lauderdale, Fla., Swimming Assn. Fourth with 32 and Los Angeles A. C. fifth with 26.

Herbert Shelled

After four scoreless innings, St. Louis nicked Bud Black for a run in the fifth. Detroit tied it up in the sixth but the National League club blasted Ray Herbert for five runs in the second half of that inning.

The Tigers came back and pounded Gary Blaylock, Herb Moford and Floyd Woodbridge for eight runs in the seventh only to have the Redbirds rebound and score four times off George Zuerink.

The winning and losing pitchers were Woodbridge and Zuerink.

Wings Take 3-2 Cup Lead; Slap Montreal With 5 To 1 Defeat

DETROIT (P)—The Detroit Red Wings headed back to Montreal today, intent on wrapping up the Stanley Cup championship by cracking the home ice "jinx" which has dominated the post-season playoff.

So far the series has followed a win-at-home pattern, with Detroit taking three games on its

own ice and Montreal two. The Red Wings pulled ahead in the best-of-seven set Sunday night by trouncing the Canadiens, 5-1, as Gordie Howe scored three goals to set a playoff record for total points. Howe has 19 points, one more than the mark set by Montreal's Toe Blake in 1944.

The sixth game will be played Tuesday at Montreal.

If the Canadiens continue the home ice pattern and win, the seventh and deciding game will be played in Detroit Thursday.

Jean Beliveau shot Montreal into a 1-0 lead after eight minutes of play Sunday night—but that turned out to be the only goal of the night for the Canadiens. Five minutes later Glen Skov tied the score for Detroit, netting on a faceoff deep in Montreal territory. Howe scored the next three goals to nail the victory. Vic Stasiuk closed out the scoring for Detroit early in the third period, rapping in a 15-footer.

Ezzard Charles Back In Action Tonight

EDMONTON, Canada (P)—Ezzard Charles, the former heavyweight king, tonight battles Vern Escoc, the one-time Canadian heavyweight champ.

Escoc is subbing for Johnny Arthur, the South African champ, who had to withdraw because of a virus infection.

At New York's St. Nicholas Arena, welterweights Pat Lowry, Toledo, and Pete Adams, Newark, N. J., fight in a 10-rounder. Dumont will TV the bout at 9 p. m. CST.

Another welterweight match is on tap tonight at Brooklyn's Eastern Parkway Arena. Danny Giovannelli, New York, takes on Chris Christensen, Denmark in a scheduled 10-rounder. ABC will televise at 9 p. m. CST.

Rousing Reception For Kansas City Athletics

By SKIPPER PATRICK
KANSAS CITY (P)—The Kansas City Athletics fly to their new home—and a rousing reception—today encouraged by a strong finish in the spring training exhibition campaign.

The A's who make their American League debut against Detroit's Tigers in brand new Municipal Stadium Tuesday, were scheduled to arrive from Wilmington, Del. Sunday they completed a sweep over the National League Phillies in the traditional two-game series, 14-5.

Chamber of Commerce estimates have more than 200,000 hanging out of downtown office building windows and cranning the parade streets for a first look at the A's.

Phillies Flag Hopes Dimmed

PHILADELPHIA (P) — For the fourth time in as many years a major league ball club has had its pennants hopes dimmed by spring training injuries to key ball players.

This time it's the National League's Philadelphia Phillies. Outfielders Del Ennis and Richie Ashburn collided and were injured while chasing a fly ball Friday in an exhibition encounter with the New York Yankees.

The New York Giants were hurt critically when Monte Irvin fractured his ankle in 1952. And last year the Milwaukee Braves lost the services for almost the entire season of Bobby Thompson, also victim of an ankle fracture.

There was also the loud wail of the Boston Red Sox when the incomparable Ted Williams broke his collar bone while shagging fly balls.

Now the Phillies are worried about Ashburn's puffed and bruised knee and Ennis' leg with a hair-wide fracture of the fibula under the left kneecap.

Speculation has it that Ennis, a good fielder and a better slugger, will be out for at least a month. Ashburn's ability to play in the season opener Tuesday is doubtful.

The threat of inactivity also poses a personal problem for Ashburn. The speedy center fielder has played 731 straight league games and his absence from the starting lineup would smash his attempt to beat the National League mark of 822 consecutive games set by Pittsburgh's Gus Suhr in 1937.

Serious Question

"It is not too late for the games to be taken from Australia."

Although Brundage evaded direct answers to many questions during a press conference, there was no masking his unhappiness over the turn of events.

"I leave Melbourne with the question in my mind: can the job be done," Brundage said.

Brundage, one of the most influential men in the Olympic set-up, will make a report to the IOC at a major meeting next month in Paris. His report will be instrumental in determining the course the committee follows.

The Chicago hotel executive made a hurried trip here a week ago when he heard rumors that all was not going well. When he arrived down under, he admitted that his trip was more unofficial than official because "unofficial" reports were disturbing.

Brundage will confer with Prime Minister Menzies in Canberra, and

Social Outcast Cops Rich Memorial Race

BOWIE, Md. (P)—Social Outcast won Saturday's running of the John B. Campbell Memorial to collect a purse of \$55,600, the biggest prize ever offered in Maryland for handicap horses.

Jockey Eric Guerin rode the Alfred Gwynn Vanderbilt entry to win by a nose over Fisherman, handled by Eddie Arcaro. Helioscope finished third.

Truman To Toss Ball

If the 92-year-old Mack shows up for the opening game he will present the "pitchout ball" to former President Harry Truman who in turn will toss it into the playing field. At any rate, Truman is scheduled for his ninth major league opening day toss.

Named for opening game pitching assignments are Alex Kellner, left hander for the Athletics and Ned Garver, right hander of the Tigers.

Plans For Softball To Be Made Tonight

Postponed from last week because of other activities, the first organization meeting of the Escanaba Softball Association will be held at 7 this evening at Club 314.

Plans will be made to get the 1955 season under way in the near future. One of the big items on tap will be naming of the opening date for league activity. League officials hope to open the season at an earlier date than last year to avoid cold weather and conflict with football at the tail end of the season.

Tom Dufour, Association president, has asked all officers and members of the board of control to attend the meeting tonight.

Team managers have been re-

quested to begin organization of teams and to notify Dufour or District Commissioner Paul Vardigan of their plans so that the size of the leagues may be determined as soon as possible.

Among the projects being considered for this season are improvement of toilet facilities at Memorial Field and improvement season ticket plan will also come up for consideration.

Candidates for umpiring jobs are also asked to contact officials of the Association.

Considerable interest has been shown by softball players and expansion of the American and National Leagues may be necessary this season.

Hot Putter Gives Middlecoff Crown

AUGUSTA, Ga. (P) — Cary Middlecoff won the 1955 Masters Golf Tournament by a record seven-stroke margin and he can give you a one-word explanation of his victory: "putting."

Middlecoff proved again what the experts always have contended—that no one can win the Masters unless his putting is superb.

Ben Hogan, winner here in 1951 and 1953, wasn't putting with his usual accuracy this year and had to settle for second place — his fourth time in the runner-up spot.

Largest Victory Margin

Middlecoff's 279 total was four strokes higher than the record Hogan set in 1953 but the seven-stroke margin from his rounds of

72, 65, and 72 and 70 was the biggest ever.

The 34-year-old, 6-foot-2 Tennesseean, who registers out of Klamath Lake, N. Y., spoke of the battered putter he has been using since 1949 with special fondness.

"I'm gonna marry that putter," he said with a chuckle. "That's the greatest thing since the automatic starter."

He said he put a considerably bigger grip on the handle of his putter for the first time a week ago.

"It seemed if I held it as loosely as I wanted to it would turn on me," he commented. "I like to hold my putter loosely and it works fine now."

Snead Cops Third

Sam Snead, who won the Masters last year in a playoff with Hogan, matched Middlecoff's closing 70 and moved into third place with a 287. Two of the younger stars, Mike Souchak, Durham, N. C., and Bob Rosburg, San Francisco, tied with former U. S. Open champion Julius Boros, of Mid Pines, N. C., for fourth. They each won \$1,333.33.

Middlecoff collected \$5,000, Hogan \$3,125 and Snead \$2,125.

Cary, who deserted his dentist office for the golf circuit in 1947, won the 1949 U. S. Open championship but he called his Masters victory the "biggest thrill I've ever gotten out of golf."

The Augusta National Course, with its 6,950-yard length and its mammoth, undulating greens, is rated one of the greatest tests of golf anywhere. It's a par of 36-36—72 is not easily bettered. Only Middlecoff, Snead and Hogan were under par for the four rounds this year. No one was last year.

Syracuse Jinx Holds; Nats Win NBA Crown

(By The Associated Press) One of the oddest hexes in the sports world still is alive today and because it is the Syracuse Nationals reign as champions of the National Basketball Assn.

This refers to the weird mastery the Nats hold over the Fort Wayne Pistons on their home floor. In six years and 23 games — ever since they entered the league, the Pistons have been unable to win at Syracuse.

Sunday the Nats perpetuated the hex in the seventh and deciding game of the NBA playoffs,

beating the Pistons 92-91 for their first league title.

The Pistons, who won three straight over the Nats back home in Indiana, opened up like they were going to make up for all those non-winning years in Syracuse in one terrific burst. They built up at 41-24 bulge in the second period.

Then the Nats started chiseling away. They cut the margin to seven points at halftime. A see-saw struggle ensued in the second half until, with the score tied 91-all and 12 seconds remaining, speedy George King sank a free throw and then stole the ball from Andy Phillip as the clock ran out.

King and substitute Bill Kenney were the Nats' high scorers with 15 points apiece. Larry Foust paced the Pistons with 24.

Cubs Come Through As Grapefruit Loop Clamp

By ED CORRIGAN
The Associated Press

The Chicago Cubs, saved from the National League cellar by the Pittsburgh Pirates the past two years, emerged today as champions of the Grapefruit League.

Stan Hack's team came through with a 15-7 record, including a seven game winning streak that ended Sunday when the Chicago White Sox took a 9-7 decision in the second of the annual intra-city series.

The New York Yankees won American League honors with a 17-9 record, followed closely by the Washington Senators with 15-8. Then, in order, came Boston 13-13, Cleveland 15-16, Kansas City 13-14, Chicago 12-15, Baltimore 12-15 and Detroit 10-15.

Braves Were Second

Following Chicago in the National League were Milwaukee 15-9, Pittsburgh 18-12, New York 17-13, Philadelphia 13-12, St. Louis 15-14, Brooklyn 11-14 and Cincinnati 9-17.

Stars Are Set For ABC Action

FORT WAYNE, Ind. (AP) — The danger signal has been hoisted over the American Bowling Congress tournament for leaders in all divisions.

The reason for the storm warning, after three consecutive days of calm when no major changes were made in the standings, is the most star studded week of bowling greats lies ahead.

It starts off fast tonight when Steve Nagy of Cleveland, holder of several all time ABC records, puts his Steve Nagy Grips team on the alleys.

Tuesday night the defending champions, Hammis Beer of Chicago, boasting Joe Norris and Joe Wilman, take the alleys.

Another pair of the pin world's top names, Buddy Bonar and Ned Day, head the appearance of the Falstaff Beer quintet of Chicago on Wednesday. These are only a few of the plus 1,000 averages teams scheduled this week.

The only change Sunday was the 2,778 score by the Randall Bearings, Inc. of Lima, Ohio, which put them in a tie for third place with the Bowline Lanes of Lafayette, Ind. in the booster team standings. This is for the lower average teams with 850 or less.

13157-April 11

NOTICE OF SEWER CONSTRUCTION
Pursuant to a resolution adopted by the City Council, NOTICE IS HEREBY GIVEN that the City of Escanaba proposes to make the following improvement, viz:
To extend the sanitary sewer on 16th Street South between 16th Ave. S. and 17th Ave. S. in the Goulais Addition.
That specifications, plans and estimates of cost have been filed in my office and are open for public inspection.

The Council has designated as the district to be assessed for said improvement, all the lots and parcels of land fronting and abutting upon said proposed improvement, the same to be assessed according to frontage thereon. The Council will meet at its regular session on the 21st day of April, 1955, and will hear objections to the improvement as aforesaid, and to the district to be assessed.

Dated: April 8, 1955.
GEORGE M. HARVEY, City Clerk.

er Joe Black, the loser. Three Yanks hurlers combined to hold the Brooks to five hits.

Aaron Socks Homer

Hank Aaron, a young man who could do great things for the Braves this year, beat the Indians by stroking a home run in the 10th inning with one aboard to give his club a 6-4 triumph.

Cleveland, leading 4-2 with two out in the ninth, appeared to have it all wrapped up. Danny O'Connell tied the game with a homer with one on to set the stage for Aaron's clout. Herb Score, the Indians' rookie sensation, went the last seven innings and was the victim of both homers.

The Giants spoiled Pinky Higgins' first appearance in Boston's Fenway Park as Red Sox manager by getting to Dick Brodowski for all their runs in the first five innings and a 6-4 triumph.

A's Notch Victory

The A's, who arrived home amidst a city wide celebration today, stroked four Philadelphia Phillies pitchers for 20 hits — including two home runs by Vic Power and one each by Bill Wilson and Gus Zernial — ground out a 14-5 victory.

The Cardinals edged the Tigers 10-9, but not before they blew a 5-1 lead, then overcame a 9-6 deficit. Red Schoendienst drove in four St. Louis runs with a home run and a single.

Washington scored four times in the eighth to defeat Cincinnati 5-2, and Baltimore eked out a 4-3 triumph over Pittsburgh when pitcher Vernon Thies threw wild on a punt to permit the winning run to score in the ninth inning.

Car Kills Three At Crash Scene

MIDLAND (AP) — Two women and a man were killed shortly after midnight Saturday as a speeding car plowed into a group of witnesses standing beside U. S. 10 at the scene of a minor accident.

Killed were Mrs. Edna Bradley, 32, and Mrs. James Carroll, 52, both of Midland, and Kenneth Skutt, 36, of Route 3, Midland.

Witnesses told police a car driven by Earl Adrian Blades, 41, of Route 1, Beaverton, ran into the group at "75 or 80 miles an hour."

It was about 12:30 a. m., a half mile west of here.

The group was standing on the shoulder of the highway viewing minor damage from a collision involving three cars.

The bodies of Mrs. Bradley, Mrs. Carroll and Skutt were flung 150 feet.

Two of the group by the road, Ernest N. Crosby of Route 2, Farwell, and Mrs. Roy Hahn of Sanford, escaped by jumping into a water-filled ditch.

Blades was held temporarily for questioning by Midland County Prosecutor James R. Rood. He was released pending further investigation.

Before Blades drove up three eastbound cars had been involved in the end-to-end collision. All had stopped and the occupants got out to look over damage.

Prostate Gland Shrinkage Tested

SEATTLE, Wash. (AP) — Safe drugs to control the most common glandular trouble in men are promised by research announced by the University of Washington.

They are drugs to shrink the prostate gland. This gland almost always enlarges after middle age, often causing pain, often necessitating surgical removal. Men aged 50 to 60 run a 50-50 chance of needing this operation.

Four shrinkage drugs have been found, and one or more will soon be tested on humans, Dr. Donald F. McDonald, surgeon, and Dr. T. Lloyd Fletcher, biochemist, said.

Each of the four works on rats, shrinking the prostate gland without causing physical harm. They also shrink slices of human prostate gland in test-tube experiments. They came from careful testing of 170 different chemical compounds.

Enlargement of the prostate occurs in 80 per cent of men over 50, Dr. McDonald told science writers visiting cancer research centers under auspices of the American Cancer Society.

The enlarged gland can obstruct the outlet of the bladder. Men reaching 70 face and 80-to-90 per cent chance of requiring surgery on the gland.

There are ice islands but no icebergs in the Arctic Ocean, say the National Geographic Society. Atlantic icebergs break from glaciers that reach the coast of Greenland. Arctic ice islands, much older and larger, have split off from a unique ice shelf extending north from Ellesmere Island.

New Protection for Oil Burners

Get Warmth Without
Worry with Shell
Furnace Oil and FOA-5X

FOA-5X is an ingredient added to every gallon of Shell Furnace Oil. It puts an end to filter screen clogging, one of the biggest single causes of unexpected burner shut-downs.

FOA-5X was tested for three years in thousands of homes. In every case the result was the same: not a single case of burner failure due to a clogged filter screen was reported.

For carefree heat all season, switch to Shell Furnace Oil with FOA-5X. It costs no more than ordinary heating oils. Call us today. We'll make all the arrangements.
